

2012 Wisconsin Infant and Early Childhood Mental Health Conference

Sheraton Milwaukee Brookfield Hotel

Early Relationships Matter!

Target Audience:

All parents and professionals working with young children (birth through 5) and their families.

Purpose:

This conference will provide a forum for sharing new information on promoting social and emotional development in our everyday activities with infants and young children. Learn about programs, policies, resources and community activities supporting healthy social-emotional development within the context of care giving relationships, community and culture. Early intervention and treatment strategies will also be presented.

Online Registration
Opens on April 2 at
www.wiaimh.org

Pre-Conference Full-day Sessions (\$95)

Monday, June 11, 2012
